

CAMP BONAVENTURE  
SPORTING LODGE

## *W*ELCOME TO CAMP BONAVENTURE

We are pleased to present Camp Bonaventure, a sporting lodge for the most discriminating angler and wingshooter. Whether you seek private days afield or a corporate retreat, Camp Bonaventure Sporting Lodge provides comfort, service and a standard of sport that will delight you and your most demanding guest.

Ideally located on the stunning shores of Québec's Gaspé Peninsula, we specialize in sight fishing for Atlantic salmon on some of the world's clearest rivers and wingshooting for grouse and woodcock over professionally trained English pointers.

Providing you with a world class-sporting holiday is our highest priority, on the river, in the field, and back at the lodge.

*"The lodging, food, guides and camaraderie at Camp Bonaventure were superb!"*

—SCOTT RUPRECHT, SPORTFISHING WORLDWIDE

## THE LODGE

Nestled in a natural stand of northern birch on the banks of the Bonaventure River—perhaps the clearest salmon river in the world—Camp Bonaventure is one of the finest sporting lodges in North America. Our main lodge and guest house were designed with your every convenience in mind, and built to satisfy the most discriminating sporting requirements.

The main lodge and guest house have their own unique and elegant atmosphere. Both feature well-appointed living rooms with thirty-foot stone fireplaces, spacious bedrooms with screened porches and private baths. The deck is always a popular gathering place for morning coffee and an after dinner port, where stories of fin and feather are often shared.

Complementing this setting are fine meals served in our well-appointed dining room, over-

looking the Bonaventure River. Gathering in front of an open fireplace, enjoying an elegant meal is always a fitting way to complete a memorable day.

Fine dining, superb accommodations and great service are all hallmarks of the Camp Bonaventure experience.

*"Camp Bonaventure gets a five star rating, if there were six stars I would award them."*

—THE ANGLING REPORT

# ATLANTIC SALMON ANGLING

Selecting a fly - they all look good when they're still in the box.

The Atlantic salmon is the king of fresh water game fish. At Camp Bonaventure we specialize in sight fishing for Atlantic salmon in the world's clearest salmon rivers. Underwater visibility exceeding one hundred feet allows you the unique opportunity to sight cast to silver Atlantic's from four to forty pounds. Watching a bright, twenty-pound salmon leave its lie, and rise to meet your fly is truly an unforgettable experience!

Our rivers are legendary, The Bonaventure for the extreme clarity of the water, The Petite Cascapedia for its outstanding combination of sight fishing for large salmon and huge sea-run brook trout and the Grand Cascapedia for some of the largest Atlantic salmon in the world.

These rivers run out of the Chic-Choc Mountains located in the heart of the Gaspé Peninsula. The Chic-Choc range rises to an elevation of four thousand feet and provides cool, clear water throughout the entire season. Some of our very best salmon fishing occurs at times when other rivers experience poor fishing due to high water temperatures.

A motley crew perhaps, but they do know how to catch fish.

The experience and knowledge of our expert guides enhance your days on the river. Our guides are full-time, dedicated professionals who thrive on the sport of fly-fishing for Atlantic salmon.

*"Camp Bonaventure, has the best Atlantic Salmon fishing to be had anywhere, everything was fantastic!"*

- THE REEL GUYS, ESPN

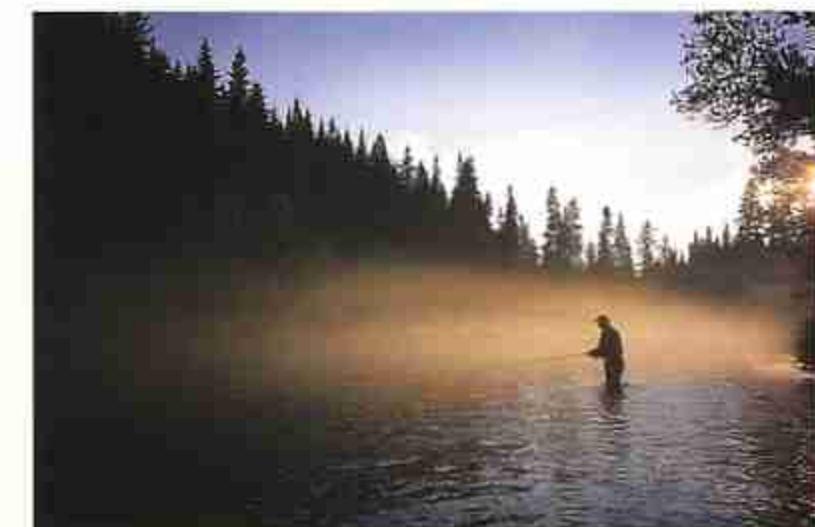

*"Perfect, every angler needs to come here and do this."*

—FORBES MAGAZINE

Camp Bonaventure hosts an annual Atlantic salmon fly fishing school in Summer. Our seven-day school is limited to eight guests. Learn the art and science of fly-fishing for Atlantic salmon on the river from some of the most successful and respected salmon anglers in the sport today. Topics include both single-handed and Spey casting, fly tying, salmon biology, reading water, locating fish, catch & release, and much more. A great week for a beginner as well as seasoned salmon angler.

*"Camp Bonaventure, first class all the way! The river was loaded with salmon from four to forty pounds."*

## WINGSHOOTING

*The Gaspé countryside is something to behold in Autumn.*

Camp Bonaventure offers upland hunting for ruffed grouse and woodcock, miles of untouched coverts, a string of forty professionally-trained English pointers and the finest bird dog handlers and guides working today. We guarantee you an upland wingshooting experience of the very highest quality.

Québec's Gaspé Peninsula is the prime nesting area for North American woodcock, and is perhaps the most strategic location to intercept flight birds during their massive annual migration. Woodcock flights begin in late September and continue through October. Combined with a healthy ruffed grouse population, we consistently put you over two of North America's most desirable game birds.

Teamed up with Brian Hays, owner of the famous Elhew Kennels and one of the most respected bird dog trainers and handlers in the sport, Camp Bonaventure offers a unique wingshooting experience. Our upland guides represent some of the finest full-time gun

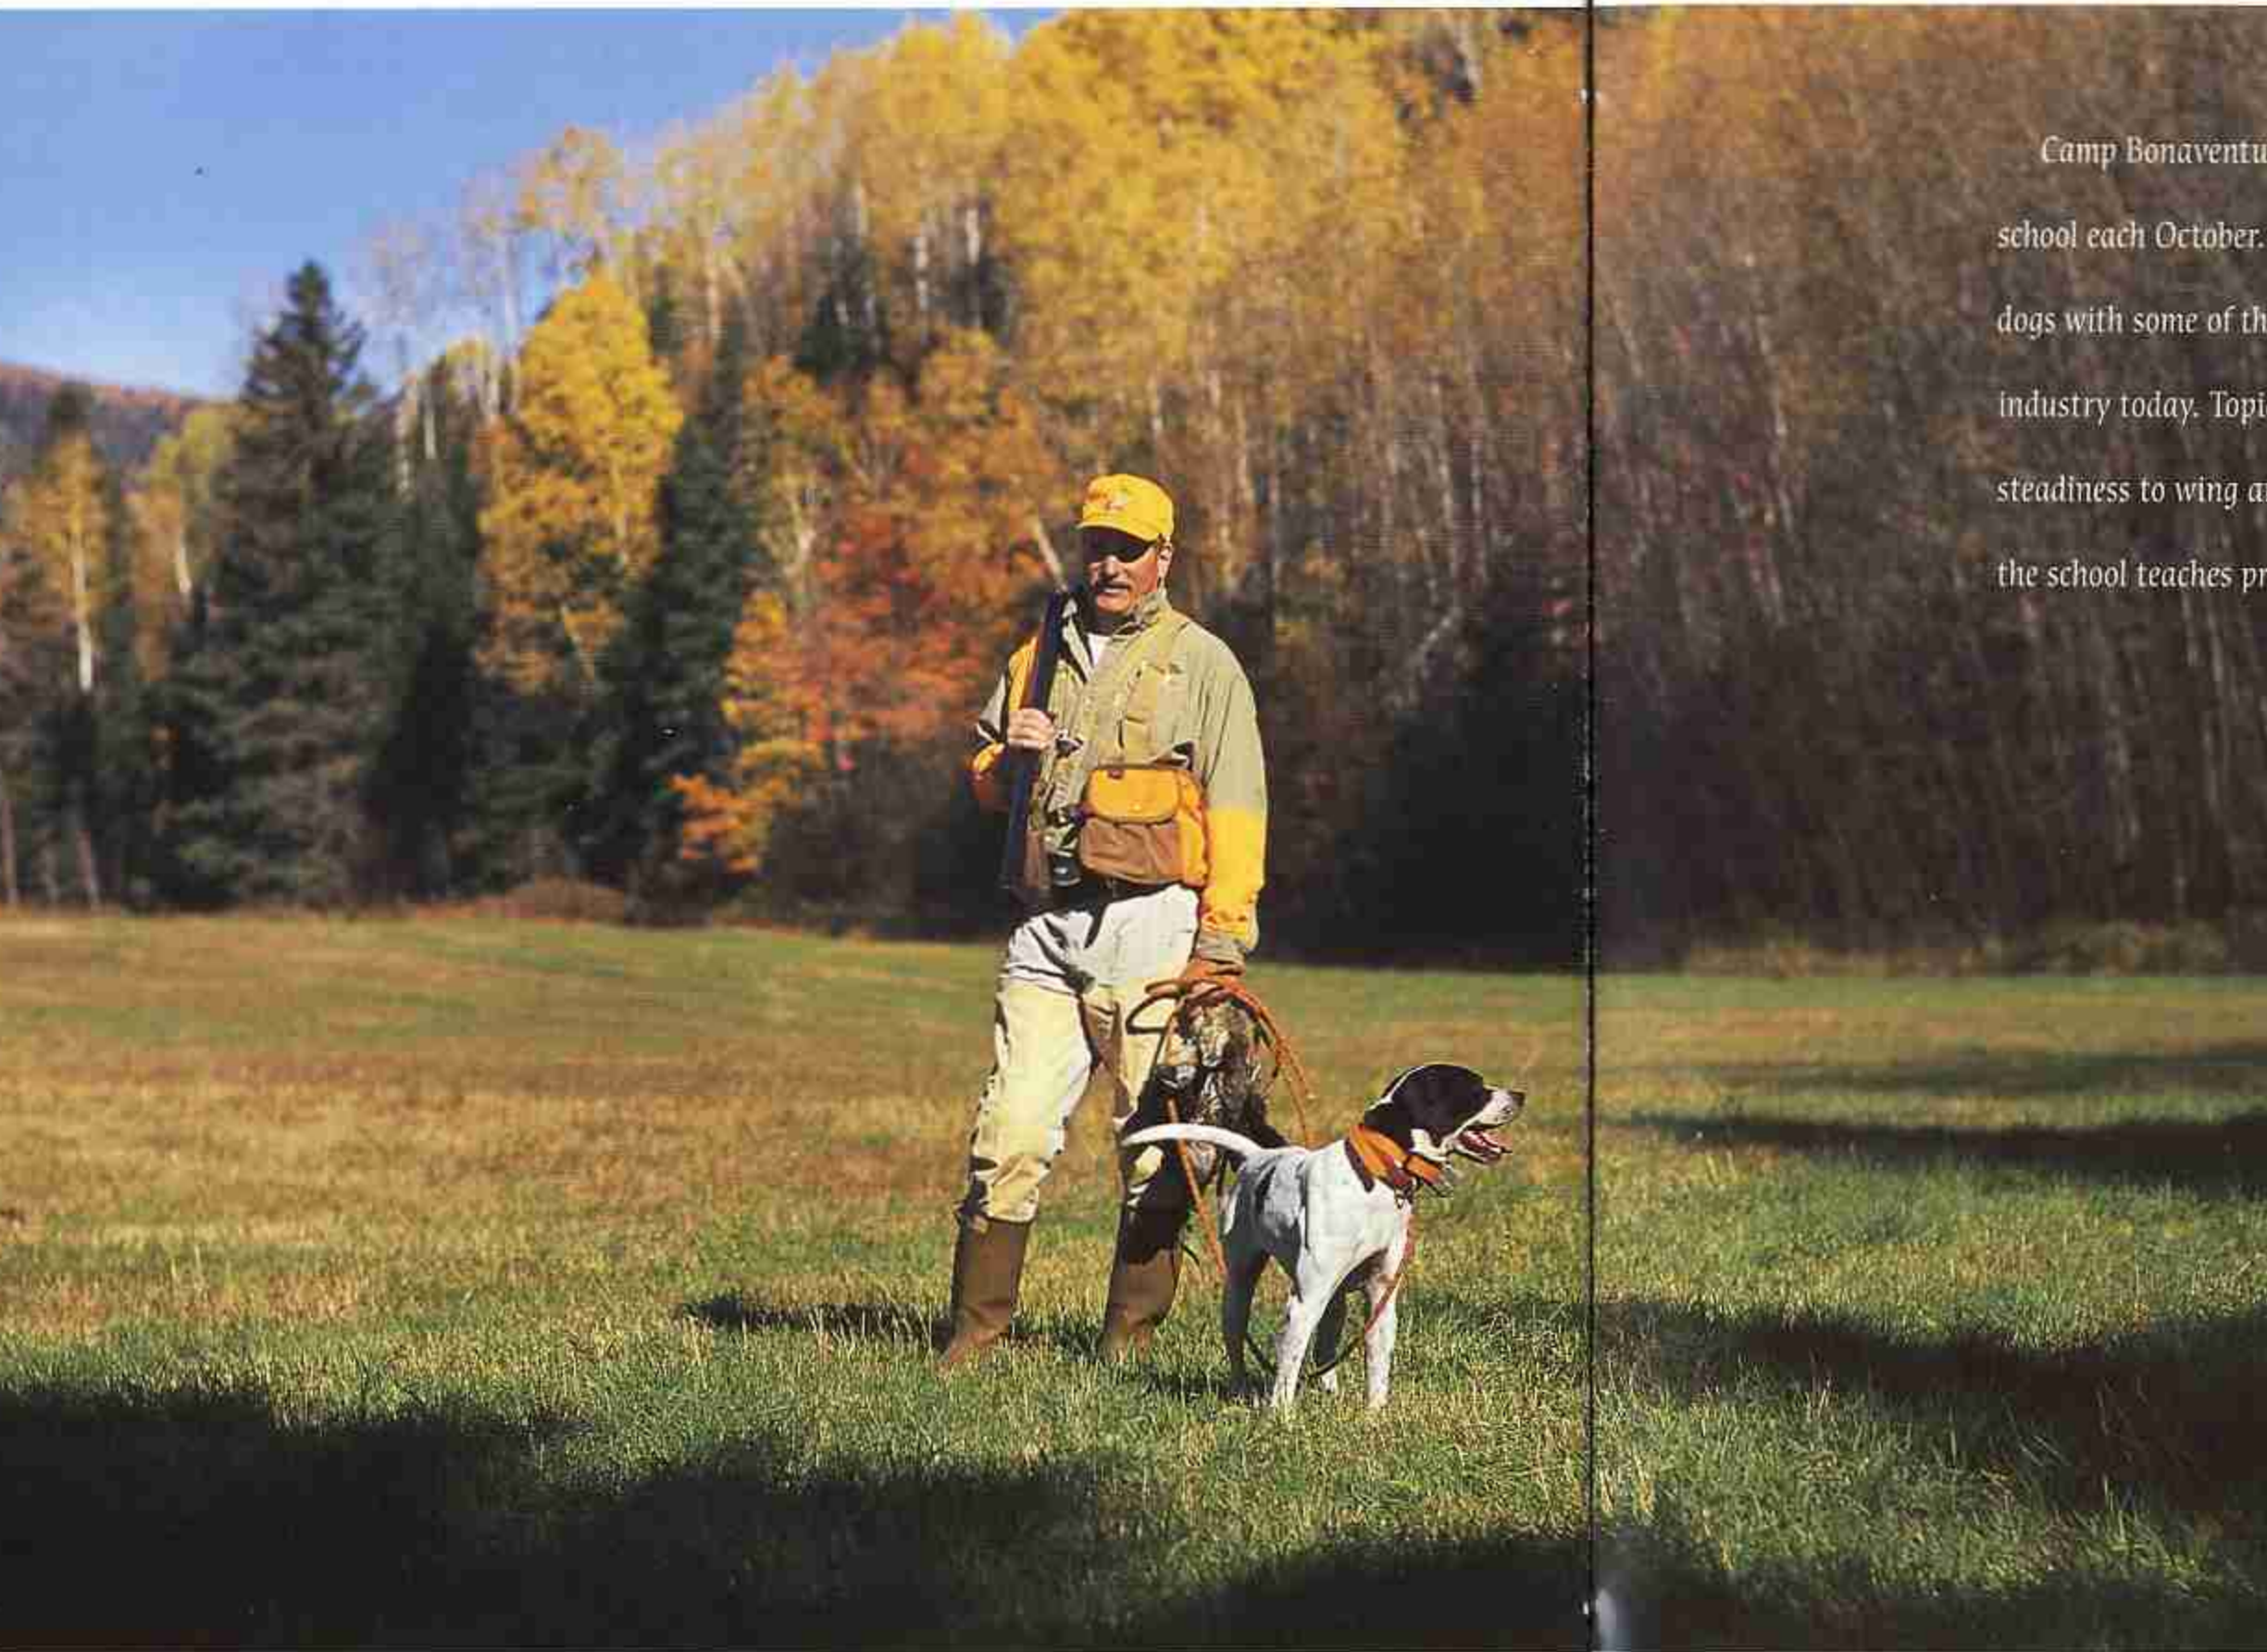

dog trainers in the industry today. These professionals are true sportsmen, and days afield in their company are both rewarding and informative.

Guests are welcome to bring their own dogs, we are equipped with a clean and comfortable kennel facility.

*"Camp Bonaventure produced the most exhilarating conventions of staging Woodcock I'd seen in 45 years of gunning."*

Camp Bonaventure hosts an annual bird dog handling and training school each October. Bring your dog, and learn to train and handle bird dogs with some of the most recognised and respected trainers in the industry today. Topics include dog handling, bird work, whoa training, steadiness to wing and shot and much more. Limited to six participants, the school teaches proven and practical methods of gun dog training.

*"At Camp Bonaventure I found the most perfect harmony of man, dog, and gun I have ever encountered."*
